SECTION 1 - PRODUCT IDENTIFICATION

Product name: Clear Winner

Product code: None

Manufacturer details

Company: Apter Industries Inc.
PO Box 456
McKeesport, PA. 15134-456
USA

SDS Request: 1-800-441-7146
Customer Service: 1-800-441-7146

Emergency telephone number
Chemtrec Domestic (24hr): 1-800-424-9300
Chemtrec International (24 hr): 1-703-527-3887

Recommended use of the chemical and restrictions for use

Recommended use: Floor polish – Resilient material
Restrictions for use: Advice in this document relates only to the product manufactured. The information of the ingredients used in this product has been provided by various suppliers. Additional hazards may occur if not used in accordance with product labeling.

SECTION 2 – HAZARDS IDENTIFICATION

GHS Classification
Skin irritation: Category 2
Eye irritation: Category 2A
Organ toxicity (repeated exposure): Category 2

GHS label element

Hazard pictograms: !
Signal word: Warning

Hazard statements
Harmful if swallowed
Skin corrosion/irritation
Serious eye damage/irritation
May cause damage to organs though prolonged or repeated exposure

Precautionary statements:
Prevention
Avoid breathing mist, fumes, vapors, or spray
Only use in well-ventilated areas or outdoors
Wash face, hands, and any exposed skin thoroughly after handling
Wear protective gloves/protective clothing/ eye protection/ face protection

Precautionary statements:
Response
Specific treatment (see supplemental first aid instructions on this label)

Precautionary statements:
Storage
Keep product lid closed tightly while storing
Stored in a secure location out of the reach of unauthorized users
SECTION 2 - continued

Precautionary statements:

Disposal
Use all material in container and dispose container in accordance with local, state, and federal regulations.

SECTION 3 – COMPOSITION/INFORMATION ON INGREDIENTS

Substance/Mixture: Mixture

* The exact percentage (concentration) of composition has been withheld as a trade secret.

SECTION 4 – FIRST AID MEASURES

First aid measures

General advice: In general no treatment is necessary, however, obtain medical advice. Present this safety data sheet if obtaining medical advice.

Eye contact: Immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids open. If irritation persists seek medical attention.

Skin contact: Remove contaminated clothing. Flush exposed area with water and follow by washing with soap, if available. If persistent irritation occurs, obtain medical attention.

Inhalation: Remove to fresh air. If rapid recovery does not occur, transport to nearest medical facility.

Ingestion: DO NOT induce vomiting. Clean mouth with water and afterwards drink plenty of water. Never give anything by mouth to an unconscious person. Get medical attention.

Protection of first-aiders: When administering first aid, ensure that you are wearing the appropriate personal protective equipment according to the incident, injury and surroundings.

Immediate medical attention, special treatment: Call a doctor or poison control for guidance. Treat symptomatically.

SECTION 5 – FIRE-FIGHTING MEASURES

Suitable extinguishing media: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media: None. CAUTION: Use of water spray when fighting fire may be inefficient.

Specific hazards arising from Compound: No information available.

Explosion data: Product is not explosive.

Protective equipment and precautions for firefighters: As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment, and emergency procedures: Avoid contact with skin, eyes, and clothing. Ensure adequate ventilation. Use personal protective equipment. Avoid breathing vapors or mists. Refer to sections 7 and 8.
SAFETY DATA SHEET

CLEAR WINNER

Version 1.1  Revision Date: 04/02/2015

Section 6 - continued

Environmental precautions:  Refer to protective measures listed in Sections 7 and 8. Prevent further leakage or spillage if safe to do so.

Methods and materials for containment and cleaning up: Prevent further leakage or spillage if safe to do so. Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.

SECTION 7 – HANDLING AND STORAGE

Precautions for safe handling: Handle with good industrial hygiene and safety practice. Avoid contact with skin, eye and clothing. Do not eat, drink or smoke when using this product. Remove and wash contaminated clothing before re-use. Avoid breathing vapors or mists. Ensure adequate ventilation. In case of insufficient ventilation, wear suitable respiratory equipment.

Conditions for safe storage, including any incompatibilities: Keep containers tightly closed and in a dry, cool and well-ventilated place. Keep out of the reach of children. Avoid storing with acids and chlorinated compounds.

SECTION 8 – EXPOSURE CONTROLS AND PERSONAL PROTECTION

Control parameters

Exposure Guidelines

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>ACGIH TLV</th>
<th>OSHA PEL</th>
<th>NIOSH IDLH</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ethylene glycol 107-21-1</td>
<td>Ceiling: 100 mg/m³ aerosol only</td>
<td>(vacated) Ceiling: 50 ppm (vacated) Ceiling: 125 mg/m³</td>
<td></td>
</tr>
</tbody>
</table>

ACGIH TLV: American Conference of Governmental Industrial Hygienists - Threshold Limit Value. OSHA PEL: Occupational Safety and Health Administration - Permissible Exposure Limits. NIOSH IDLH: Immediately Dangerous to Life or Health.

Other exposure guidelines: Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir.,1992)

Appropriate engineering controls: General ventilation systems.

Individual protection measures, such as personal protective equipment

Eye/Face Protection: If splashes are likely to occur, wear safety glasses with side-shields. None required for consumer use.

Skin and Body Protection: Wear protective gloves and clothing. Long sleeved shirts and impervious gloves and recommended.

Respiratory Protection: No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

Hygiene Measures: Handle with good industrial hygiene and safety practice. Avoid contact with skin, eye and clothing. Do not eat, drink or smoke when using this product. Wear suitable gloves and eye/face protection.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Liquid
Color: Clear cream
pH: 8.0 to 10.0
Melting point/freezing point: No data available
Boiling point/boiling range: 209°C/408°F
Flash point: No data available
Evaporation rate: No data available
Flammability (solid, gas): No data available
Upper flammability limit: No data available
Lower flammability limit: No data available
Vapor pressure: No data available
Vapor density: No data available
Water solubility: Completely miscible
Solubility in solvents: No data available
Partition coefficient: n-octanol water: No data available
Auto-ignition temperature: No data available
Decomposition temperature: No data available
Viscosity, dynamic: No data available
Viscosity, kinematic: No data available
Explosive properties: None
Oxidizing properties: None
Softening point: No data available
VOC content: None

SECTION 10 – STABILITY AND REACTIVITY

Reactivity: No data available
Chemical stability: Stable under recommended storage conditions.
Possibility of hazardous reactions: None under normal processing.
Hazardous polymerization: Does not occur.
Conditions to avoid: Excessive heat.
Incompatible material: None based on information supplied.
Hazardous decomposition products: Carbon oxides

SECTION 11 – TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product information

Inhalation: There is no data available for this product. May cause irritation of respiratory tract
Eye contact: There is no data available for this product. Expected to be an irritant based on components. Irritating to eyes. May cause redness, itching and pain. May cause temporary eye irritation.
Skin contact: There is no data available for this product. Expected to be an irritant based on components. Irritating to skin. Prolonged contact may cause redness and irritation.
Ingestion: There is no data available for this product. Ingestion may cause irritation to mucous membranes. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.

STOT-Single exposure: No information available

STOT-Repeated exposure: Causes damage to organs through prolonged or repeated exposure. Based on classification criteria from the 2012 OSHA Hazard Communication Standard (29 CFR 1910.122), this product has been determined to cause systemic target organ toxicity from chronic or repeated exposure. (STOT RE). If this product is a mixture, the classification is not based on toxicology studies for this product, but is based solely on toxicology studies for ingredients found within this product. More detailed substance and/or ingredient information may be provided in the other sections of this SDS.

Chronic Toxicity: No known effects based on information supplied. Avoid repeated exposure. Prolonged exposure may cause chronic effects.

Aspiration Hazard: No information available

Numerical measures of toxicity Product Information

The following values are calculated on Chapter 3.1 of the GHS document

ATEmix (oral): 4,595.00 mg/kg

SECTION 12 – ECOLOGICAL INFORMATION

Ecotoxicity: Harmful to aquatic life with long lasting effects.

Persistence and Degradability: No information available

Bioaccumulation: No information available

Other adverse effects: No information available

SECTION 13 – DISPOSAL CONSIDERATIONS

Waste Disposal Methods: This material, as supplied, is not hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if this material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional or local regulations for additional requirements.

Contaminated Packaging: Dispose in accordance with local regulations.

This product contains one or more substances that are listed with the State of California as a hazardous waste.
