

# Podel Dish Detergent

Podel is a high-foaming, fast-acting dish detergent for dishes, pots, pans and food preparation areas.

Podel produces long-lasting foam that degreases and removes even the toughest soils.

It is mild on skin and hands, and is specially formulated for people who spend all day washing dishes, pots and pans.

Podel is a big money saver. Its unusually high concentration means that less product is needed for each job.

## HOW TO USE:

**1** Fill the wash sink with 8 gallons of water.

**2** Add 2 pumps of Podel to the sink.

**3** Agitate with a cloth, abrasive pad or sponge.

**4** Rinse and sanitize.
