

Proclaim Glass & Shiny Surface Cleaner

Proclaim cleans all glass and shiny surfaces. Great for cleaning windows, stainless steel, cooler doors, Plexiglas, mirrors, and all other areas not harmed by water.

Spray Cleaning:

Add 2 pumps of Proclaim to spray bottle. Fill the rest with water and shake.

Each gallon makes 64 ready to use quarts.

Helpful Hints:

- ✓ Paper towels yield the best results (newspaper also works).
- ✓ If your paper towel is dirty, it will push the dirt around and cause streaking.
- ✓ If your towel is too saturated use a clean and dry one to prevent streaking.
- ✓ To clean large windows or surfaces, break down in small, manageable squares.
