

Coffee Pot Cleaner

Removes stains from coffee pots, their dispensing carafes and inside coffee makers.

- 1** Give the bottle a little shake before opening. Open the squeeze cap and add 2 squirts of CPC into an empty coffee pot.

- 2** Fill the coffee pot a quarter of the way with **HOT** water.

- 3** Using a swab brush or a towel, clean the entire inside and edges of the coffee pot.

- 4** Dump out water and rinse thoroughly.
