

Garage Gorilla® XDX Gas Pad Cleaning

Biodegradable cleaner with **oil eating enzymes** for removing petroleum-based soil from concrete and asphalt.

DEEP CLEAN

1 Attach spray top and adjust it to a heavy mist. (Pump sprayers may also be used.)

2 Spray directly on gas pads, particularly on heavy oil and grease.

3 When dry, rinse with a bucket of water, hose or pressure washer. If rinsing is prohibited, simply spray and wipe.

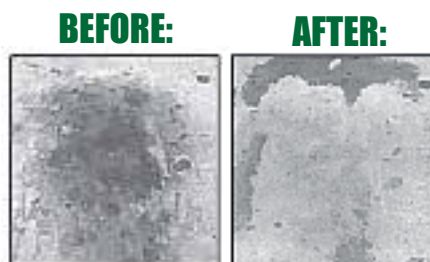

NOTE: Gorilla XDX will not interfere with oil separators.

TOP SCRUB

1 Add 2 oz. Gorilla XDX to a gallon of water in a pump sprayer or bucket.

2 Spray or pour on dirty gas pads and parking areas.

3 Agitate with a deck brush and rinse.

TO CLEAN ASPHALT

1. Wet the entire area.
2. Spray Gorilla XDX on the soiled area.
3. Lightly scrub with a deck brush.
4. Rinse.

NOTE: GORILLA XDX may affect freshly applied asphalt sealers.
